Emergency Unlock Code Deep Silver

专栏 10 现代农业农村建设工程	
Box 10 Projects for developing modern agriculture and rural areas	
01	高标准农田
	High-quality farmland
	新建高标准农田 2.75 亿亩，其中新增高效节水灌溉面积 0.6 亿亩。实施东北地区 1.4 亿
	亩黑土地保护性耕作。
	Newly build 18.33 million hectares of high-quality farmland, including 4 million hectares of high efficiency water-saving irrigation areas. Adopt conservation tilling techniques on 9.3 million hectares of chernozem soils in northeast China.
02	现代种业
	Modern seed industry
	建设国家农作物种质资源长期库、种质资源中期库圃，提升海南、甘肃、四川等国家级 育制种基地水平。建设黑龙江大豆等区域性育制种基地。新建、改扩建国家畜禽和水产 品种质资源库、保种场（区）、基因库，推进国家级畜禽核心育种场建设。
	Build long-term and medium-term national crop germplasm resource banks and improve the national seed production bases in Hainan, Gansu, and Sichuan. Build regional seed production bases such as those for soybeans in Heilongjiang. Build, renovate, and expand the national livestock and aquatic products' germplasm resource banks, seed preservation farms (areas), and gene banks, and promote the development of national livestock and core poultry breeding farms.
03	农业机械化
	Agricultural mechanization
	创建 300 个农作物生产全程机械化示范县，建设 300 个设施农业和规模养殖全程机械化 示范县。推进农机深松整地和丘陵山区农田宜机化改造。
	Create 300 demonstration counties for full mechanization of crop production, build 300 demonstration counties for full mechanization of protected agriculture and large-scale breeding, promote subsoiling and land preparation by agricultural machinery, and make the farmland in hilly and mountainous areas more suitable for mechanized farming.
04	动物防疫和农作物病虫害防治
	Animal epidemic prevention and crop pest control
	提升动物疫病国家参考实验室和病原学监测区域中心设施条件。改善牧区动物防疫专用 设施和基层动物疫苗冷藏设施。建设动物防疫指定通道和病死动物无害化处理场。分级 建设农作物病虫疫情监测中心和病虫害应急防治中心、农药风险监控中心。建设林草病 虫害防治中心。
	Improve the facilities of national reference laboratories for animal diseases and regional centers of etiology monitoring. Redevelop special facilities for animal epidemic prevention in pastoral areas and cold storage facilities for animal vaccines at community level, and build designated channels for animal epidemic prevention and harmless treatment sites for dead animals. Build monitoring centers for crop diseases and insect pests, centers for prevention and control of emergency diseases and insect pests, and pesticide risk monitoring centers at different levels, as well as forest and grass pest control centers.
05	农业面源污染治理
	Control over pollution from non-point agricultural sources
	在长江、黄河等重点流域环境敏感区建设 200 个农业面源污染综合治理示范县，继续推 进畜禽粪污资源化利用，在水产养殖主产区推进养殖尾水治理。
	Build 200 demonstration counties for integrated management of pollution from non-point agricultural sources in environmentally sensitive areas along the Yangtze River, the Yellow River, and other key river basins. Continue to promote the recovery of resources from livestock manure and the treatment of aquaculture tailwater in the main aquaculture production areas.
06	农产品冷链物流设施
	Cold chain logistics facilities for agricultural products
	建设 30 个全国性和 70 个区域性农产品骨干冷链物流基地，提升田头市场仓储保鲜设施。 改造畜禽定点屠宰加工厂冷链储藏和运输设施。
	Build 30 national and 70 regional backbone cold chain logistics bases for agricultural products. Upgrade the storage and preservation facilities of markets in the edge fields. Transform cold chain storage and transportation facilities of livestock and poultry slaughtering and processing plants.
07	乡村基础设施
	Rural infrastructure
	因地制宜推动自然村通硬化路。加强村组连通和村内道路建设，推进农村水源保护和供 水保障工程建设，升级改造农村电网，提升农村宽带网络水平，强化运行管护。
	Adjust measures to local conditions to provide natural villages with access to paved roads. Boost village connectivity and village road construction, promote the development of rural water source protection and water supply projects, upgrade rural power grids, rural broadband network, and strengthen operation management and maintenance.
08	农村人居环境治理提升
	Improvement of rural living environment
	有序推进经济欠发达地区以及高海拔、寒冷、缺水地区的农村改厕。支持 600 个县整县 推进人居环境整治。建设农村生活垃圾和污水处理设施
	Steadily advance the rural toilet revolution in economically underdeveloped areas and high-altitude, cold and water-deficient areas. Support 600 counties in their effort to improve the living environment. Develop rural household waste and sewage treatment facilities.
